

SUPA-BOND

PART NO. 20210

- **SUPA-BOND** is an advanced 2 part adhesive kit.
- No mixing required, ready to use.
- With the 2 parts combined it can fill cracks, gaps and holes.
- Ready to drill, sand and paint.
- Bonds metal, glass, wood, fibreglass, rubber and plastics*.
- Bond together materials that are different, wood to plastic, glass to wood etc.
- Adhesive dries crystal clear and contains no solvents.
- Adhesive can be applied alone or used in conjunction with SUPAFUSE.
- High- Strength, non-toxic.

DIRECTIONS FOR USE

Use SUPAFUSE in conjunction with ADHESIVE to repair, seal and fill holes, cracks and gaps.

Make sure surfaces are clean and dry. Use a solvent to remove dirt, oil and grease. If required seal one end of hole, crack or gap with tape to allow backing support. Apply SUPAFUSE in layers, saturating each layer with ADHESIVE. Do not apply more than 2mm of SUPAFUSE before applying ADHESIVE. Repeat layering until hole, crack or gap is full. After curing the repair can now be drilled, filed or sanded ready for painting. For maximum shelf life, replace lid and store out of direct sunlight in a cool dry place.

GENERAL INSTRUCTIONS

Rubber, plastic and vinyl based materials bond almost instantly, metals and glass may need longer. Maximum strength achieved in 24 hours. The size of the gap bond can affect the cure speed of the adhesive (larger gaps will take longer to cure). Not dishwasher safe. When stored correctly, adhesive will last a minimum of 12 months.

*Not recommended for use on polyethylene or polypropylene plastics, Teflon or fibre based materials like paper or cloth.

STORAGE

For maximum shelf life, replace lids and store out of direct sunlight in a cool dry place. When stored correctly, adhesive will last a minimum of 12 months.

GENERAL INFORMATION

The information and data contained herein is believed to be accurate and reliable; however, it is the user's responsibility to determine suitability of use. Since the supplier cannot know all the uses, or the conditions of use to which these products may be exposed, no warranties concerning the fitness or suitability for a particular use or purpose are made.

It is the user's responsibility to thoroughly test any proposed use of our products and independently conclude satisfactory performance in the application.

Likewise, if the application, product specifications or manner in which our products are used require government approval or clearance, it is the sole responsibility of the user to obtain sure authorization.

The supplier warrants only that its products will meet its specifications. There is no use, nor any other express or implied warranty. The user's exclusive remedy and the supplier's sole liability is limited to refund of the purchase price or replacement of any product when to be otherwise than as warranted. The supplier will not be liable for incidental or consequential damages of any kind.

Suggestions of uses should not be taken as inducements to infringe any patents.
